Villages, Towns and Cities

Important Vocabulary:

Settlement: a place where people live.

Village: a small area with housing and maybe a shop, a school, a place of worship or a village hall.

Town: has all the same features of a village but is larger and may also have a railway station, a shopping centre, more places of work and places of worship.

City: a city is larger than a town. Cities often have a lot of housing, schools, universities, hospitals, offices, and often a cathedral.

County: different areas across England usually consisting of various towns and villages

Human feature: things built or made by humans.

Physical feature: things that are formed naturally e.g.

Blackheath Village

Greenwich Town

City of London

Is Blackheath still a village?

Year 3 26/27 – Autumn 2

Human Vs Physical

Land use:

1. Residential	2. Commercial	3. Industrial
Housing of all types	*Businesses, offices and shops*	*Factories, warehouses and rubbish/recycling facilities*
